THE BRAIN (FORECASTING ML)

Smart recommendation
& prediction machine

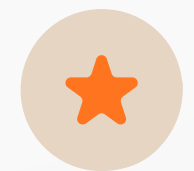

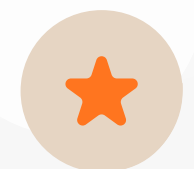

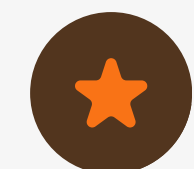

**What Happen When a
Business Actually
Takes This Cure?**

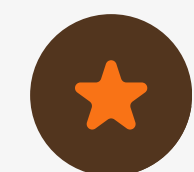

By Using This, You **Will Got** :

 **Efficient Inventory Allocation**

 **Measurable Planning**

 **Data-driven Decisions**

 **Operational Visibility**

 **Better Menu Insight**

How To Make the Business Immune ?

OCR INPUT

Create inventory batches from photos of purchase receipts.

FORECASTING V2

Add external factors such as weather and events.

BUSINESS SCALE

Multi-branch operations + supplier / PO integration.

“**Artisan Inventory** doesn't just tell coffee businesses what they have..

It helps them **decide** what they should produce next.,

Artisan Inventory

Plan Smarter. Sell Better.
